Project 365 at WCSC

Project 365 is an initiative and commitment to operate WCSC throughout as much of the year as possible. The scope and scale of Project 365 is limited to what the camp's infrastructure can provide. The purpose and goal of Project 365 is to continue to update the camp's infrastructure to support our expanded scheduling and to serve as an initiative to raise funds for future infrastructural improvements which will enable WCSC to operate at all times of the year, eventually enabling WCSC to fulfill its mission all year long.
